

Helping You Save Energy, Money, and the Environment.

Saving energy can also help you save money-and it's good for the environment. Using energy-efficient products and services and conserving, whenever possible, helps to preserve natural resources for future generations. Southern California Gas Company (SoCalGas) and Southern California Edison (SCE) offer a number of programs and services that can help you take the first step to a greener future.

Money-Saving Rebates

Before making home improvements, check with SoCalGas and SCE for available rebates on qualifying energy-efficient appliances and products. We offer rebates for single-family homeowners on qualifying ENERGY STAR[®] appliances such as: water heaters, clothes washers, dishwashers, furnaces, insulation, tankless water heaters, lighting, refrigerators, room air conditioners, whole house fans, evaporative coolers, pool pumps and motors as well as rebates for recycling your old, working refrigerator or freezer and incentives for A/C quality installation. Rebates are available to owners of apartment buildings, condominiums and mobile home parks on qualifying water heaters, central system boilers, controllers, insulation, lighting, heating and cooling and more. For details, visit the websites below.

SoCalGas: www.socalgas.com/rebates/residential/ or call 1-800-427-2200

SCE: www.sce.com/rebates or call 1-800-736-4777

Home Energy Efficiency Survey

Take a free Home Energy Efficiency Survey today to identify energy-saving opportunities in your home. When you take the survey, you receive customized gas, electric and water saving tips on household appliances in your home, as well as recommendations that can help you better manage and reduce your energy use. And the less energy you use, the better it is for the environment. Mail-in and online surveys are available. Try it today at www.socalgas.com/residential/energysurvey/ or www.sce.com/survey

Free Energy and Water Saving Kits*

This kit includes three faucet aerators and a low-flow showerhead to help you save energy and water. Request your free kit at www.socalgas.com/kit.

No-Cost Energy Saving Improvements

No-cost, energy-saving home improvements are offered to income-qualified homeowners and renters through the SoCalGas and SCE's Energy Savings Assistance Program. Free Improvements may include: door weather stripping and caulking to keep out drafts; attic insulation to keep your home cooler in summer and warmer in the winter; low-flow showerheads and faucet aerators that can save energy used for heating water, furnace and water heater repair or replacement (owner-occupied homes only), pool pumps, lighting, air conditioners and more. To see if you are eligible visit www.socalgas.com/assistance/esap or call SoCalGas at 1-800-331-7593. SCE customers visit www.sce.com/ema or call 1-800-736-4777.

Utility Bill Discounts

SCE and SoCalGas offer the California Alternate Rates for Energy (CARE) program, which provides a discount of 20 percent or more on income-qualified customers' monthly electric and natural gas bills. Customers who sign up for CARE with one utility are usually enrolled in the other utility's program automatically. To learn more, visit SCE at www.sce.com/assistance or call 1-800-447-6620; and visit SoCalGas at www.socalgas.com/extrahelp or call 1-800-427-2200.

* One per household every three years. Available to Southern California Gas Company customers only, while supplies last. Programs are funded by California utility ratepayers and administered by SCE and/or SoCalGas under the auspices of the California Public Utilities Commission.

Southern California Utilities Team up to Provide Customers with Bill Discounts and Energy Efficiency Assistance

Southern California Edison (SCE) and Southern California Gas Company (SoCalGas) have teamed up during the continuing economic crisis to provide help for customers who are having trouble paying their utility bills. As soon as customers recognize they may have problems paying their bills, they should contact SCE or SoCalGas to help avoid disconnections and fees that may be required in order to restore service.

SCE and SoCalGas offer the California Alternate Rates for Energy (CARE) program which provides income-qualified customers with a 20 percent discount off their monthly electric and natural gas bills. Customers who sign up for CARE with one utility are enrolled in the other utility's program automatically.

Through its Energy Savings Assistance Program, SCE offers free energy-efficient appliances, pool pumps, weatherization services, lighting, air conditioners, and other efficiency measures to income-qualified renters and homeowners. Energy efficiency is essential to keeping electricity bills low and for maintaining grid reliability, especially during the summer months when use of air conditioners tends to peak.

SoCalGas Energy Savings Assistance Program provides energy-saving home improvements to income-qualified renters and homeowners. Free services include: door weather-stripping and caulking to keep out drafts; attic insulation to keep the home cooler in the summer and warmer in the winter; low-flow showerheads and faucet aerators that can save energy used for heating water, and furnace and water heater repair or replacement (owner-occupied homes only).

SCE and SoCalGas also encourage customers who need additional help to call 211 to connect with community service programs throughout California.

To learn more about economic assistance, energy efficiency programs and other ways to receive help during these difficult economic times, visit SCE at www.sce.com/assistance or call 1-800-950-2356; and visit SoCalGas at www.socalgas.com/extrahelp or call 1-800-427-2200.

Programs are funded by California utility ratepayers and administered by Southern California Edison and/or Southern California Gas Company under the auspices of the California Public Utilities Commission. Programs are effective until funding is expended and are available to income-qualified households. Terms and conditions may apply.
