Rancho Mirage, CA 92270

IS A BIG EARTHQUAKE COMING?

This important question will be answered by Southern California's most knowledgeable seismologist, Dr. Lucy Jones of the U.S. Geological Survey based at Caltech in Pasadena. You may have seen her on television since she is the most frequently interviewed expert after a significant earthquake occurs.

The City of Rancho Mirage is thrilled that she has accepted our invitation to speak to our residents about earthquakes that may be in our future and what to do to prepare. Dr. Jones will tell us why earthquakes occur, the major earthquake we face in Southern California, its consequences and how to get ready.

Don't miss this unique opportunity to hear from Dr. Jones and get your questions answered.
