

**A LIST OF THE SCORABLE
QUESTIONS AND THE SCORING
INSTRUCTIONS**

FOR

CITY OF RANCHO MIRAGE

**PUBLIC LIBRARY
OBSERVATORY**

**71-100 HIGHWAY 111
RANCHO MIRAGE, CALIFORNIA 92270**

A LIST OF THE SCORABLE QUESTIONS AND THE SCORING INSTRUCTIONS

The scorable questions arise in three different areas:

- (I) History of the business and organizational performance;
- (II) Compliance with occupational safety and health laws, workers' compensation and other labor legislation; and
- (III) Completion of recent projects and quality of performance.

The interview questions (interviews by the City of Rancho Mirage ("City") of project managers on projects completed recently by the contractor) are included in group III. The last category provides a scoring system for recently completed projects that are similar to the Rancho Mirage Public Library Observatory Project.

Note: Not all questions in the questionnaire are scorable; some questions simply ask for information about the contractor firm's structure, officers and history. This document includes only those questions that are "scorable." The question numbers in this document are the numbers used in the questionnaire. Thus, the questions included here begin with question number 6, and there are a few breaks in the numerical sequence.

The Scores Needed for Prequalification

To prequalify, a contractor would be required to have a passing grade within each of the three large categories referred to above.

For Section I, "History of the business and organizational performance,"

A passing score shall be **57** on this portion of the questionnaire (of a maximum score of 76 on this portion of the questionnaire).

For Section II, Compliance with occupational safety and health laws, workers' compensation and other labor legislation a passing score shall be **38** on this portion of the questionnaire (of a maximum score of 53 points on this portion of the questionnaire).

Section III, Completion of recent projects and quality of performance, includes a series of interview questions and questions about recently completed (public or private) construction projects. For the interview questions, the City may interview project managers for the owners of two completed projects. The City shall use a scoring system that would allow a maximum score of 120 points for each interview. For these questions, the City has determined that a contractor shall be qualified if its score on each of two interviews is 72 points or more; a denial of pre-qualification for a contractor whose score on either interview is less than 55 points; and an additional interview with another reference may be required if the score resulting from one interview is between 55 points and 71 points. For the recently completed (public or private) construction projects, a

passing score shall be 31. Thus, a passing score on this portion of the questionnaire shall be 103.

INSTRUCTIONS FOR INTERVIEW QUESTIONS

INSTRUCTIONS FOR INTERVIEW QUESTIONS

The following is meant to assist the City in conducting the interviews of the managers of projects previously completed (that is, the people who supervised the projects for the project owners) by the contractor wishing to pre-qualify. The interview questions allow qualitative review of work performance for contractors who choose to bid and pre-qualify for public works contracts. The interview questions will be used to examine randomly selected contacts from at least two completed past projects.

In each question, the person being interviewed is asked to rate a certain aspect of contractor's performance, using a scale of 1 to 10. The highest possible score is 120 points. A score of less than **55** points disqualifies the contractor from bidding on projects that are proposed by City. A score of **72 points or more** on each interview is sufficient for a contractor to qualify on this portion of the prequalification process. If the scores resulting from an interview are between 55 and 71, City should conduct another interview to collect additional information.

It is possible that the score given to any interview answer may be challenged in an appeal. For that reason, be sure to: (a) ask the person being interviewed for specific information or details, to explain or substantiate the numerical answer given; and (b) take written notes of the information provided.

Selection of the Interviewer:

- (a) The City should select an individual who is at least moderately well informed about public works construction.
- (b) The individual should be unbiased during the interview; this is to ensure accurate implementation of the interview questions.
- (c) The individual should not use examples or deviate from the questions unless the project manager is unclear and prompts further explanation. The interviewer should offer additional explanation of the questions only if he/she is sure of the intent of the question in the interview.

Locating the respondent to interview:

- (a) The interviewer should attempt to contact a project manager of a past project for the interview. The interviewer should be aware that for one interview to be completed, there may be a need to interview multiple individuals. That is, the interviewer may have to contact multiple individuals, such as the project manager concerning the building process, and a financial manager for warranty items, assessed liens, and the like.
- (b) Once reached, the interviewer should review the information contained in the questionnaire of the past project with the project manager. That is, review who is being interviewed and why (purposes of pre-qualifying for public works), the past project type, completion date, and other pertinent information to ensure that the project manager is sure of the project he/she is asked to review.

Interview Length:

- (a) The interview should take 8-12 minutes, under normal circumstances.
- (b) The interviewer, when contacting the project manager, should convey the expected time which it takes to conduct the interview. This is to ensure the individual is not discouraged from taking part in the interview

Conducting the interviews:

- (a) The interview should examine at least two separate past projects listed in the questionnaire.
- (b) After the interview is scored, the interviewer should compare the interview score with the same contractor's score on the written questionnaire. If the ratings (overall scores) are far apart, the interviewer should conduct at least one/two more interviews to determine how past performance should be weighted.
- (c) While conducting the interview, the interviewer should be consistent with the way the questions are presented. That is, if the interviewer changes the way questions are presented during the review, it could potentially change the way the respondent answers the questions and jeopardize the overall scoring.

SOURCES FOR VERIFICATION OF INFORMATION GIVEN BY CONTRACTORS

SOURCES FOR VERIFICATION OF INFORMATION GIVEN BY CONTRACTORS

A CAUTIONARY NOTE: *The information that will be given to the City by contractors seeking pre-qualification is provided under oath, with the understanding that the intentional providing of false information is, in itself, grounds for disqualification. The City expects that the information given should be and will be accepted at face value. The following information is provided for use in the few instances in which the City reviewing the answers given in a questionnaire has specific reason to believe that one or more answers should be verified by reference to publicly available information.*

Information about a contractor's license(s) (Questionnaire Part I, question 6, and Part II, questions 6 and 9-13)

Names and addresses of licensed contractors, information about the type of license(s) issued and the dates when licenses were issued (and certain other information), are available from the Contractors' State Licensing Board (CSLB), 9821 Business Park Drive, Sacramento, CA 95827. Telephone number 800-321-2752. The CSLB web site for public information is: www.CSLB.ca.gov.

Information about workers' compensation insurance (Part I, question 3 and Part II, questions 32-33)

Every workers' compensation insurance carrier issues to each of its insured businesses a Certificate of Insurance. The contractor should be willing to provide a copy upon request.

Each contractor's Experience Modification Rate for the year should be stated in a letter to the contractor from the contractor's workers' compensation insurance carrier.

Some large companies are legally self-insured for workers' compensation, with the consent and authorization of the Department of Industrial Relations. The names of companies that are legally self-insured are available from the Department's Office of Self-Insurance Plans, Workers' Compensation, 2265 Watt Avenue, Suite 1, Sacramento, CA 95825; (916) 483-3392.

The names of each business's current and recent workers' compensation insurance carriers are available from the Workers' Compensation Insurance Reporting Bureau (WCIRB), 575 Market Street, San Francisco, telephone (415) 777-0777. WCIRB is not a public agency but it provides information to the public. It will provide the names of the current and recent workers' compensation insurance carriers of every employer in California, in response to a written request, for a fee of \$8 for every year for which you seek information.

**Information about whether surety insurance carriers
are “admitted” to do business in California**
(Part I, question 5)

The California Department of Insurance will verify whether an insurance carrier is “admitted” to issue insurance policies within the State. The Department has a “Hot-Line” number – 800-927-4357, and a web-site from which the information is available: www.insurance.ca.gov

Information on disqualification from bidding on public contracts
(Part I, question 8 and Part II, question 15)

Information on the identities of contractors that have been disqualified from bidding on public works contracts is available from the California Labor Commissioner, Division of Labor Standards Enforcement, 455 Golden Gate Avenue, San Francisco, telephone (415) 703-4810.

Information available from the Secretary of State about corporations
(Part II, questions 1a-1d, 2-4)

The California Secretary of State has certain current and historical information about all corporations that operate in California: dates of incorporation, articles of incorporation, the name of the original incorporators, the names of the corporate officers (who are not necessarily the corporate stockholders) and an agent for service of process for the corporation. This information is available from the Secretary of State upon written request. (Secretary of State, Business Programs Division, 1500 Eleventh Street, Sacramento, CA 95814. Telephone (916) 653-2121 or 653-1239). The Secretary of State does not ordinarily have a listing of the names of initial stockholders or current stockholders, and that information is generally not available in any public record.

**Information available from County Clerks about
partnerships and sole proprietorships**
(Part I, questions 1a-1d,2-4)

Every business, including a partnership, that operates under a “fictitious name” (for example, “Ajax Sheet Metal Contractors” or “Smith Brothers Electrical Contractors”) is required to file with the County Clerk in the county in which its home office is located a “Fictitious Business Name” statement. This statement will indicate the owner of the business, if the business is a sole proprietorship, and the names of partners, if the business is a partnership. The information is available to the public from the County Clerk upon request. A written request may be necessary.

**Information about bankruptcy proceedings
(Part II, questions 7 and 8)**

Bankruptcy petitions, which include the names of the person or business that is seeking protection from the Bankruptcy Court, are available for public inspection at the office of the Clerk of each Bankruptcy Court (which are federal courts). In California, Bankruptcy Courts are located in Sacramento, Modesto, Fresno, San Francisco, Oakland, San Jose, Los Angeles, Santa Ana, Riverside, and San Diego. Most documents filed in court in bankruptcy proceedings are available for public inspection, at the Bankruptcy Court clerk's office. Some information on bankruptcy filings may also be available from commercial enterprises that collect and sell information from public records). In addition some information about bankruptcy cases filed August 1990 and later is available on-line through the "PACER" (Public Access to Court Electronic Records) system. To obtain information from PACER, you must register with the system, and pay a fee for the materials obtained. Call 1-800-676-6856 or you may register online at <http://pacer.psc.uscourts.gov/>.

**Information about civil suits and arbitration cases
(Part II, questions 14, 17 and 18)**

Each court keeps records of every civil suit filed in that court, and of the judgments that are issued after trials. However, the exact terms of pre-trial settlements are generally not recorded in court files. Documents related to disputes submitted to arbitration are generally not available for public inspection. Public agencies, however, are required to disclose the terms of such settlements, when documents are requested under the California Public Records Act.

**Information about criminal convictions
(Part I, question 9, and Part II, questions 21, 22, and 23)**

Criminal convictions are a matter of public record. Each courthouse (in both the federal and state court systems) has an index of its own criminal records. In addition, a few data collection businesses have collected criminal conviction information from public records throughout the state, and the collected information about particular individuals or businesses is available for sale from these private businesses.

**Information about Federal court civil and criminal cases
(Part I, question 9)**

Information about federal criminal cases (filed August 1991 and later) and civil cases (filed August 1990 and later) is available on-line through the "PACER" (Public Access to Court Electronic Records) system.
